Allowable Subject Matter

1. Claims 1-12 are allowed.

2. The following is an examiner's statement of reasons for allowance:

None of the cited references in combination with other limitations of claim teaches or suggests a liquid crystal display that comprising a masking part selectively intercepting a gate output enable signal corresponding to an abnormal state of a gate high voltage, wherein the gate output enable signal is supplied to the gate driver from the timing controller, as disclosed in independent claim 1. The closest art (Yang) disclose related devices, either singularly or in combination fail to anticipate or suggest these limitations obvious.

None of the cited references in combination with other limitations of claim teaches or suggests a driving method of a liquid crystal display that comprising generating a gate voltage abnormality detection signal corresponding to an abnormal state of a gate high voltage; and selectively intercepting a gate output enable signal supplied from a timing controller to a gate driver in accordance with the gate voltage abnormality detection signal, as disclosed in independent claim 8. The closest art (Yang) disclose related methods, either singularly or in combination fail to anticipate or suggest these limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
